2016-2017 Activity Registration Begins Monday

The Santa Cruz County Department of Parks, Open Space and Cultural Services' 2016-2017 Activity Pamphlet is now available, with registration beginning Monday, March 28 at 9 a.m.

The Pamphlet, which is mailed to local residents in unincorporated Santa Cruz County and available online, is a great way for residents of all ages to stay active and engaged, learn skills and hobbies, have fun, and make new friends. Dozens of lessons, classes, camps and trips are being offered this year, including the debut of a "Zombie Camp" for youths ages 11-14.

Offerings include swim lessons and Pool Junior Guard and Little Guard programs; fly fishing, pendulum dowsing, guided meditation, Spanish language classes and more; summer camps (baseball, Renaissance, Art & Science Camp, musical theater, "Time Travelers," and more); day trips (including a San Francisco Giants game and a voyage on the Chardonnay II); and longer ventures (New Orleans, Italy or Panama, to name a few).

Local activities are held throughout the County parks system. Registration is available online at www.scparks.com, or by phone, mail or in person. Please refer to your Activity Pamphlet or go to www.scparks.com for details.
